

BLACK EAGLE® TACTICAL 20 MID

Art.-Nr. 300102

CE EN ISO 20347:2007 O2 HRO WR FO SRA

Leather, waterproof and extremely breathable with GORE-TEX® Extended, HAIX® Climate System, Leg height 12 cm, antistatic,

Available sizes UK 3–12, Extra large sizes UK 13–14–15

300102

Upper Material

Leather

Inner Lining

GORE-TEX® Extended; 3-layer GORE-TEX® laminate, waterproof and highly breathable. Abrasion-resistant lining with optimized climate comfort, especially for flexible alternating inside and outside use.

HAIX® Climate System

Climate System with Micro-Dry lining at top of leg

Insert

Comfortable, cushioning, moisture repellent, anti-bacterial. Separate heel shape for good cushioning and foot insertion. "AIRFLOW" channels

Running sole

made of rubber, resistant to oil and gasoline, non-marking

Anti Slip

Very good grip on different terrains by profile configuration and use of a special rubber

Durable Sole

Rubber mixture for long durability

Double Hole Frame/Stone Shield

Stabilizes the shoe and guides the foot during unwinding movements, prevents uneven surfaces from pressing through to the foot

Inner sole

Made of different EVA/TPU materials, light, cushioning, supporting

Absorb

Permanent cushioning in heel area by special EVA material in the inner sole

Energy Return/Supination Support

Inner sole in the front part of the foot made of a strong spring-back material for effective use of energy

Pronation Support

Supports the center of the heel, prevents buckling inward by using a harder EVA material

Stabilizer

Asymmetrical TPU for stabilizing the heel

Others

Low weight, antistatic, metal-free

Sun Reflect

Reduces the heating effect of the upper leather by direct sunlight. Sunlight is reflected by the leather, keeping the leather and the feet cooler.
